hybrid, evening and summer courses

Convenient

start in fall, spring or summer

Advance your teaching career in a leadership role with Ursuline College Campus of Gannon University's master's program in Curriculum, Instruction and Assessment. Using evidence-based research, the program focuses on best practices in teaching and learning, organizational development and ethical leadership.

The program includes:

- Creating and operating a value-based system
- Developing personal and professional skills for effective leadership
- Data information classroom instruction
- Curriculum and instruction for online learners
- Student assessment and data analysis
- Coaching for instructional improvement and professional development
- The development of positive work relationships

Our graduates are highly sought after and school systems are eager for the leadership skills instilled in Ursuline students. Graduates are prepared to take on key roles across the educational spectrum, including: Curriculum and Instruction Administrator, Analyst, Dean of Students, Coordinator of Student Activities, Pre-School Program Director, Special Education Supervisor, Assessment Coordinator, Department Chairperson and Subject Area Coordinator.
