

Master of Arts in

Historic Preservation Bridge Program

Students are welcome from any major and have come to us from such diverse disciplines as Architecture, Art, Fashion, History, Humanities, Interior Design, and Visual Communication Design.

Ursuline's Master of Arts in Historic Preservation degree is a 42-credit hour commitment with an additional 6 hours of prerequisites.

Undergraduates may significantly decrease the credit hours needed to complete the master's program through the bridge program. In the bridge program, undergraduates complete the 6 credit hours (2 courses) of prerequisites as well as 18 credit hours (6 courses) of required courses that directly count towards the master's degree. The charts below list the courses included in the prerequisites and the bridge.
