Bridge RN-BSN-MSN Curriculum Guide

Registered nurses (RNs) who hold an associate degree in nursing from a community college or a diploma in nursing from a three-year hospital-based program and who do not hold bachelors or master's degrees are eligible for the RN-MSN curriculum sequence. These RN students must apply through the Ursuline College Adult Program (UCAP) but must declare interest in pursuing the RN-MSN sequence upon admission. The student must also meet criteria for admission to MSN graduate program (see below). These students will pursue all undergraduate level college core courses as well as the required RN-BSN level nursing courses through UCAP with the exception of NR 265 Evidence-Based Professional Nursing Practice, NR 465 Professional Nursing Leadership and NR 426 Practicum in Leadership. The MSN level bridge course, NR 532 Introduction to

Evidence-Based Practice will substitute for NR 265, and the MSN level bridge course, NR 540 Advanced Physiology/Pathology, will substitute for NR 465 and NR 426.

After these courses are completed, the student receives the BSN degree and continues into the established MSN sequence of courses. Students progressing into the MSN program must receive a 3.0 or higher on their BSN transcript and must have at least 1 year of experience as a registered nurse. The student must select a specialty MSN track by pursuing the Adult-Gerontology Primary Care Nurse Practitioner, Family Nurse Practitioner, Adult-Gerontology Clinical Nurse Specialist, Adult-Gerontological Acute Care Nurse Practitioner or Leadership.

Bridge RN-BSN-MSN Leadership

Bridge Courses

NR 265: Evidence-Based Professional Nursing Practice	NR 532: Introduction to Evidence-Based Practice
NR 465: Professional Nursing Leadership	NR 545: Leadership and Management in Healthcare with Leadership Practicum

Ursuline College 
Graduate Admission

Application

Students must apply for and be accepted into the RN-BSN program. Then complete the MSN application for admission into the graduate program. At the time of application, RN-MSN applicants are required to have a cumulative GPA 3.0 or better of transfer coursework OR undergraduate degree GPA of 3.0 or better.

Leadership

Students enrolled in The Breen School of Nursing's online MSN in Leadership track take selected master's core courses to enhance clinical reasoning and utilize evidence-based practice, as well as five additional courses focused on leadership development. Through coursework and clinical experiences, students develop the knowledge and skills to become nursing leaders with advanced skills in systems and management. This track is 39 credit hours total.

RN-BSN-MSN: Leadership (online)
