

Advance your career

with a degree from Ursuline College's
Accelerated Program (UCAP)

Affordable

Students at Ursuline are charged by credit hour, not a flat rate fee for full-time attendance. Private education at a public school rate.

Flexible

Classes are conveniently scheduled 100% online to accommodate working professionals.

We are transfer friendly!

We are going to award you the maximum credit for what you've already accomplished in the classroom. And through our Prior Learning Assessment, you may earn alternative credits for learning experiences outside the classroom setting.

With you every step

Regardless of where you started your college journey, our dedicated team will help you navigate the admission process, register for classes, and light your path to success.
