PRE-PROFESSIONAL PROGRAMS

Through your liberal arts education and your pre-professional coaching, you'll gain the knowledge you'll need to succeed in the program of your choice.

- **Pre-Dentistry**
- **Pre-Law**
- **Pre-Medicine**
- **Pre-Pharmacy**
- **Pre-Physical Therapy**
- **Pre-Physician Assistant**
- **Pre-Veterinary**

Cultivate critical thinking while you prepare for your professional career.

In Ursuline's pre-professional programs, you'll build the analytical, oral and written communication skills necessary to be successful in college and beyond. Building a broad academic/extracurricular resume is the best thing you can do to be competitive. You will take a sequence of prerequisites for admission to medical school, pharmacy school, veterinary school, law school or other professional schools.

Your pre-professional advisor will help you select a major, introduce you to research and internship opportunities, and coach you through future application processes. These programs are not majors, but they are a major reason why Ursuline graduates do so well in advanced degree programs. Our graduates are consistently admitted to some of the best law schools in the country, including University of Michigan, University of Texas-Austin, The Ohio State University, Case Western Reserve University, Marquette University and more. Ursuline also has a 100% medical school admission rate among applicants in recent years.
