Challenge yourself and create in a modern design studio.

As a Fashion Design major at Ursuline College, you'll learn and practice all the essential aspects of design: inspiration, illustration, fundamental pattern making, sewing, drafting, draping, and more. Your skill building will culminate in a final presentation of a designed collection at your Senior Collection Fashion Show. And you'll learn business and technology skills, ensuring your success beyond Ursuline. Our facilities include 3-D printing, scanners, Adobe Creative Cloud programs, and access to online fashion resources. You'll also work with sewing, industrial sewing, and cover stitch machines, multi-thread sergers, industry-standard pattern drafting tables, and standard Wolf dress forms.

"The faculty at Ursuline really empowers us and make sure that we're able to go into careers with everything we could possibly need."
